Item name	Location	Note
Fixed tissue slides	Shelf next to PAM optical table 	
H&E slides		
Laser safety goggle		
MEMS mirrors (2)		
MEMS coaxial cable		
Lab coats (2)		
Flat transducer(no.1)		Spec: 30MHz, frequency response plot in Google drive(manual→ ultrasound transducer)
Focused transducer		Spec: 37MHz, 5mm focus, 58% bandwidth
Large ring transducer		Spec: 31.7MHz, 8.8m focus, 77% bandwidth
Flat transducer (no.2)	PAM optical table	Connected to 2-stage amplifier
Power supply (x2)		
Amplified photodiode with power supply		Product link 
Mounted silicon photodiode		Product link

		
Zolix KA series motorized stage		
Zolix CXP series motorized stage		
Face shield visor	Top shelf above the optical table 	
Galvo scanner servo driver with power supply	Bottom shelf above the optical table 	
Zolix SR2 stepper driver		
Power supply for motor driver (x1)		
NI multifunction I/O DAQ device		

Galvo scanning mirror, with aluminum mount and cables	Brown box in the drawer below TOOL drawer 	
UV laser head lids		
UV laser paper manual	Drawer below TOOL drawer	
Small transducer with customized mount	Woody optical table faced the door 	Spec: 30MHz, 5mm focus, 60% bandwidth 
Amplifiers	ELECTRONICS drawer 	
BNC connectors		
Solid wires		
Wire cutters		
Lens(mounted and	LENS and MIRROR drawer	

unmounted)		
UV mirror		
UV coated microscope slide		
Normal microscope slide		
Mirror mount	THORLAB drawer 	
Circular lens mount		
Post clamping fork		
iris		
BNC-BNC cables	CABLES drawer (below THORLAB drawer)	
Amazon linear stages(x4) with motor drivers	Drawer above THORLAB drawer	Product link
